Reurlet 10-18-67, advising of the request received from retired Special Agent John W. Fain for information concerning the captioned in view of his receipt of a request that he autograph two envelopes bearing first-day-of-issue stamps commemorating former President John F. Kennedy.

A review of Bureau files fails to reflect any information identifiable with Miss Duda. You may inform former Special Agent Fain in this regard but advise him that he must make his own decision as to whether he wishes to autograph the items furnished him by Miss Duda.

NOTE: Miss Duda is apparently a stamp collector and has obviously obtained former Special Agent Fain's name from the Warren Report concerning President Kennedy's assassination. Former SA Fain retired on November 29, 1962, while a Grade 13 assigned to the Dallas Office. He conducted the Internal Security Investigation on Lee Harvey Oswald prior to Oswald's assassination of President Kennedy. He was one of three Dallas Agents who testified before the President's Commission on the assassination of the President on May 5, 1964. The Commission was particularly interested in whether or not he could recall anything in addition to what was contained in the investigation reports he submitted during his investigation of Oswald. Since his retirement, he wrote to the Director on 12-23-64, advising him regarding his new occupation in the real estate business and expressing seasonal greetings to the Director. His record was entirely satisfactory, and he is on the Special Correspondents List. There does not appear to be any objection to advising him regarding Miss Duda.
