Dear Mr. Hoover

sp With all due respect to your
integrity and impeccable record over
the years, and to the high caliber
of your American foreign employe in
this country's vital service — I've
concluded after reading the 'Post'
article that as the post said in their
editorial "Something's rotten in Waller"

It appears to me that there
is a cover up of the truth even though
logic tells me that the good men at
the Commission and FBI Fellowship
could not be at fault. R. Wilson

Dear Mr. Hoover

With all due respect to your integrity and marvelous record over the years, and to the high caliber of good Americans you employ in this country's vital service -- I've concluded after reading the "Post" article that as the post said in their editorial "Something's Rotten in Dallas"

It appears to me that there is a cover up of the truth even though logic tells me that that the good men of the Commission and FBI Leadership could not be at fault.
