I am a <sup>very</sup> busy -

It may irritate your  
sensibilities to know the  
details of my trip to the  
State College here at Cape  
held a week election to find  
out who their favorite  
Presidential candidates  
are for 1968 -

Dick Nixon and Robert F.  
Kennedy but in all other  
Presidential hopefuls, I was  
most impressed with  
LBJ

131  
I was the way it actually  
was in 1968 - remember to  
put the board out on the  
Kennedy network list  
it was Dick Nixon who  
put out the board in U.S.  
that is a coincidence John  
had something to do with  
President John F. Kennedy  
with.

Dick Nixon did put out  
the board at each company  
I know he attended

early 1966 - behind scenes  
of the republican party  
some through in 1966 with  
enough candidates to balance  
the two party system - that's  
I would do up with only a  
one party system.

The republicans spread  
the money out here to gain  
power - the democrats  
can't do anything.

Some federal officials can  
help with the country  
I have some currency  
on money in this area  
These years are cool, which

political in their own way.  
They told me the students - man  
"Robert, G. F. H. + Ted" were all in  
favorable people - and they saw  
no use in a B. O. Whatsoever.  
They also told me that the truth  
about some anti-fact the  
Kennedy death in any case  
there is no demand left  
in the in Washington, the  
that the republicans to take  
the responsibility out of the  
truth that some out - they also  
the hope of the age in B. O. to  
something to do with President  
Kennedy's death - said  
I see how he did not join

the 1940's in the Party. in  
the 1940's it was a Country  
mostly headed by Clay Shaw,  
New Orleans. in the Party in the  
30's and 40's not 3-4 years ago  
left the Party. mostly from the  
left front - part of the Party was  
to their leaders - I think. I think  
had very little to do with it -  
I think it was the Millionaire. I think  
like the way I understand it  
was pushing Civil Rights. But  
if the negro got equal job oppor-  
tunities in the 40's, it men would  
come to many poor white trash  
at the time according to National  
League of Colored People that was  
the 1940's in New Orleans.

was a sympathetic Mr. O'Brien. The  
report [unclear] Kennedy made  
Russia airtight & missile  
out - Trade was cut off between  
Cuba + New Orleans - <sup>months</sup> months  
of anyone who believes the War  
Commission report, no one  
can believe the story Jack  
Ruby (over President Kinn  
so much he pulled her down  
while in handcuffs - around  
for a while. Fairly accurate  
officer - that strikes, it is a insult  
to the Maroon intelligence - it  
now depends people in this case  
are hysterical, they have a  
right to express their opinion

(11)  
is at the Radio in Wash. D.C. I know  
the Nation has finally got an  
article name of the Smart, in  
that I convinced the Oswald  
fired the rifle at one of the  
reps that killed President  
Kennedy. I know Oswald  
knew about the conspiracy -  
Jack Ruby would not. I did  
say, was not - see Oswald  
E. very person. I know also  
believe police officer suspect  
of Dallas was in on the con-  
spiracy - if he was not - why  
was he searched? - in the  
stage the plan in Dallas

is the reservation would be  
 successful. We have persons  
 out here, graduates of the  
 Yale, Harvard, U.C.S. & the  
 North B.S.I., I have at least  
 a very few of them over a  
 truck in the way. Working  
 tries to feed the people & instruct  
 & right out here about the  
 assassination & when they  
 the Federal Special was visited  
 we also had no talk. Henry Hoff  
 is, meaning the United States  
 Government from the Preser  
 vation in Pennsylvania.  
 I hope you're getting the U.S. Brown  
 if it wants a divorce.

to put up on Monday, you  
be people who had the same  
left, run straight to running,  
to put a line just next to  
cont.

The people in this state, including  
a lot of Democrats do not like  
Governor Warren there.

Republicans & Democrats alike  
will support Joel Montgomery  
in Boston Mo. for Governor  
in 1965 -

Right now there is a case pending  
in Federal Court against  
Governor Warren for  
damaging some of his employees

...  
+ Charles McAllister Jr  
beneath the National Wage  
Scale. It's actually a case  
of pro-vice, a case just like  
this is coming up against  
State Senator Albert M. ...  
A - I demand, both men are  
lawyers & veteran politicians.  
These cases of pro-vice will  
not be a act of justice.  
Also, it is a waste of time being  
a dummy thing to help Vietnam  
veterans to get jobs in this state.  
I mean you men who ...  
... branches of the  
... straight out of high  
... kept now, my own

on just that. He is a  
 in the world. He is a  
 spent on the secret code  
 Puerto Rico, in a security plan,  
 is extended six months. He  
 cannot be taken for a tour  
 of duty in the States, which  
 he spent in the States  
 is a radio man, pilot and  
 1st Lt. 1st Marine, is with  
 2nd. He is now on duty in  
 I am happy to have him.  
 He has some food, he wants a  
 part time job so he can go to  
 Cape State through L.I. Hill  
 of his job. He wants to major  
 in astronomy. He wants

income 130,00 per month he can  
afford through V. D. He has his  
own apartment, I believe apart  
ment cannot be reached here  
for less than 75,00 per month  
I believe that a small comfortable  
efficient apartment for one or two  
people is about 40,000 a month.  
Cape is wide spread, that you  
need. An auto is an essential  
here are things like food,  
clothing, cleaning, laundry,  
insurance, etc. He has found  
but that is simply cannot be  
found & say to a couple in  
the middle part time of his job  
to travel. He would have to  
to get a job. He is still a

Senator Kennedy-

It may titillate your sensibilities to know the students at Southeast Mo State College here at Cape held a mock election to find out who their favorite Presidential Candidates are for 1968 - Dick Nixon and Robert F. Kennedy outran all other Presidential Hopefuls, among almost Seven Thousand Students. If that's the way it actually is in 1968 - remember to put the word out on the Kennedy network that it was Dick Nixon who put out the word in U. S. that President Johnson had something to do with President John F. Kennedy's death.

Dick Nixon did put out that word at each campaign Kick-off dinner he attended early 1966 - He told republicans if the republican party didn't come through in 1966 with enough candidates to balance the two party system - the U. S. would end up with only a one party system.

The republicans spends lots of money out here to gain power - the democrats haven't done one thing. Some Federal officials have come to visit me recently about some unsavory conditions in this area These gents are cool, slick politicians in their own way. They told me the Kennedys - meaning "Robert, J. F. K. & Ted" are their favorite people - and they have no use for L. B. J. whatsoever, They also told me that the truth cannot come out about Pres. Kennedy's death as long as there is one democrat left in office in Washington. They want the republicans to take over completely in 1968 - so the truth will come out. They also ask me if I thought L. B. J had anything to do with President Kennedys death. I said I sure hope he didnt for the sake of the Democrat Party. I've always believed it was a conspiracy masterminded by Clay Shaw, New Orleans. On military lines, 3 assassins shot 3 high powered rifles simultaneously from three different spots & they used walkie talkie radios - I think Communists had very little to do with it - I think Texas Oil Millionaires didn't like the way President Kennedy was pushing the Civil Rights Bill, if the Negro got equal job opportunities etc then Texas oil men would have to pay poor white trash a wage according to National Wage Scale. And, too that whole mess of creeps in New Orleans were sympathetic with Cuba because the way President Kennedy made Russia take those missiles out - Trade was cut off between Cuba & New Orleans - I don't know of anyone who believes the Warren Commission report. No one even believed the story Jack Ruby loved President Kennedy so much he killed Lee Qswald while in Handcuffs surrounded by a Battalion of law

enforcement officers. That stinks, It's an insult to the Morons intelligence - its no wonder people in this country are hysterical, They have a right to express their opinions to let the leaders in U. S. Know the Moron has finally got an acute case of the Smarts. I'm not convinced Lee Oswald fired the rifle or one of the rifles that killed President Kennedy - I Know Oswald knew about the conspiracy - Jack Ruby wouldn't of had any reason to kill Oswald. Every person I know also believes Police officer Tippett of Dallas was in on the conspiracy - if he wasn't - why was he knocked off? - he helped to stage the plan in Dallas so the assisenation would be successful. We have persons out here, graduates of Dartmouth, Yale, Harvard, O. C. S. Ft Belvior Virginia with 138 L. Q more or less & everyone of them swear a blue Streak over the way Washington tries to feed the people half truths & right out lies about the assisenation & other things The Federal officials who visited me also told me that Jimmy Hoffa is running the United States Government from the Prison he's in in Pennsylvania - They say everytime U. S. Economic Dept wants advice on how to cut up an economic pie the people who head the Economic Dept run straight to Jimmy Hoffa & ask him just how to do it.

The people in this State, including alot of Democrats do not like Governor Warren Hearnes. Republicans & democrats alike will support Joel Montgomery Sikeston Mo. for Governor in 1968 -

Right now there is a case coming up in Federal Court against Governor Hearnes for paying some of his employees at Charleston Mo a wage far beneath the National Wage scale. It's actually a case of peonage. A Case just like this is coming up against State Senator Albert M. Spradling Jr - a democrat, Both men are lawyers & Veteran politicians & these cases of peonage will cut them out of politics. Also, the democrats aren't doing a damn thing to help Vietnam Veterans to get jobs in this State. I mean young men who enlisted in various branches of the military straight out of High School. Right now, my own son just wrapped up 4-1/2 years in the Marine Corps - 2 years he spent on Roosevelt Roads Puerto Rico, as a security guard, he extended six months so he could volunteer for a tour of duty in Vietnam, which he spent in the Boondocks as a radioman, platoon leader 2nd Bn, 1st Marines, 18 miles S. W. of DaNang on up to Quang Tri by D. M. Z - Laos Border. He flew home Nov 8, he want a part time job so he can go to Cape State through G. I. Bill of Rights. He wants to major in astronomy. He cannot live on 130.00 per month he can get through V. A. He has his own apartment A decent apartment cannot be rented here for less than 85.00 per month, Now thats a small comfortable efficient apt for one or two people who are out all the time.

- Cape is widesread, shot gun zoned. An auto is an essential, There are

things like food, clothing, cleaning, laundry, insurance, etc. He has found out that he simply cannot be honest & say to an employer I need a part time job while going to college. He would have to lie etc to get a job. He's still a Marine - who has too much pride & dignity to become a "rat" in the Civilian World. He won a whole flock of medals in Viet Nam, Bronze Star, Navy Commendation Medal etc etc etc - Hes 6'-1' weighs 200 lbs - 22 years old, white race, tan skin, brown eyes, black hair, very handsome, warm & friendly, very good mixer & he would like to be put on C. I. A. payroll while attending Cape State - if he can't be - he will re-enlist because he's much too clean cut to swing with a bunch of non-progressive slobs - His name is Weldon John Ruehel 426 Bellevue Street Cape Girardeau, Missouri Zip Code 63701 Telephone Number - 334-6968 If he does re-enlist he'll probably go to some Embassy somewhere in Europe - he's the kind of person who thinks nothing of being at formal affairs most every evening wearing tuxedoes-

Sincerely

~~Annabelle Ruehel~~
