The Dallas Office submitted by airtel dated 12/11/67, a bullet which was furnished by Mr. William A. Barbee, 4545 Iva Drive, Mesquite, Texas, which he stated he had found embedded in a roof of a building located at 1615 Stemmons Freeway, Dallas, Texas, in July or August, 1966. This building is located approximately one-fourth of a mile from the Texas School Book Depository. Mr. Barbee advised that a recent Life magazine article had prompted him to furnish the bullet to the FBI.

The submitted bullet, a .30 Carbine-type bullet, is entirely different from any ammunition specimens examined in connection with the assassination evidence. It could not have been fired in the assassination rifle owned by Oswald.

The results of this examination are being furnished Dallas by teletype.
