Dear Mrs. ~~Kingston~~: *Boyer*

In reply to your letter of December 13th, the FBI, at the request of President Johnson, conducted a prompt, intensive, objective and thorough investigation of the assassination of President Kennedy. All of the material developed by this Bureau in connection with this investigation was turned over to the Warren Commission for its consideration. The results of our inquiry were subsequently made available to the National Archives by the Warren Commission, and the FBI has no authority to independently release any information in these reports.

While I do appreciate the interest which prompted you to furnish me your comments, I want to take this opportunity to assure you that all FBI personnel are thoroughly investigated prior to their being employed by this Bureau. There is no doubt in my mind they are completely loyal and, in my opinion, it is inconceivable that any of my associates would tamper with the facts they developed in connection with this matter.

Sincerely yours,  
J. Edgar Hoover
