ASSASSINATION OF PRESIDENT  
JOHN FITZGERALD KENNEDY  
NOVEMBER 22, 1963  
DALLAS, TEXAS

On the evening of December 21, 1967, an individual identifying himself as Mr. Rome Bisio, Salesman, Rice Furniture Company, Modesto, California, home address 8200 Jantzen Road, (trailer park), Space 8, Modesto, California, telephonically furnished information as follows:

Until about two months ago he was employed by Norris Industries, Inc., Riverbank Army Ammunitions Plant, Riverbank, California. While employed at the plant, he worked in an office where a girl named Nancy (Last Name Unknown) was secretary to a Mr. Van Hickman. At least two months ago, in conversation with another employee at the plant; possibly with James Lowell or Paul Bowman, who are still employed there, the following statement was made:

This employee had been told by Nancy or had overheard Nancy telling yet another person that she formerly worked for the head of the California Institute of Technology Library Department. Nancy purportedly had overheard this employer in conversation on the telephone make statements to the effect that he was "sick of the situation: and that he was going to Dallas to "take care of it." This conversation purportedly took place two or three days before the assassination of the late President Kennedy. Thereafter, this individual purportedly did go to Dallas, returning sometime after the assassination.

Mr. Bisio stated that he has worried about the above matter for two months and finally called after publicity recently given to New Orleans Attorney James Garrison in recent news releases.
