Dear Mr. Taylor:

This is an extraordinary and extracurricular inquiry. A constituent of mine, [REDACTED] has written to the President, the Speaker, numerous Senators and Members of the House of Representatives, claiming that he has clairvoyant abilities and that he has made numerous important predictions of personal and national calamities in the past.

Upon questioning him, he gives your names as a person who would verify that on or about December 14, 1961, at his request, you filed a report in which he made the following statement, "A President will be assassinated in the later part of 1963, in Dallas, Texas." He claims that you made a written report of his prediction at the time.

Would you please be kind enough to advise me of your recollection of any such event and whether or not, in fact, you made a written report of such a prediction. If you did, would you please furnish me with a copy of such report.

It is necessary for me to make this request of you so that I can conclude the correspondence involved in this case.

Your prompt cooperation and accommodation will be greatly appreciated.

Sincerely,

Burt L. Talcott
