Manistique, Mich

Dear Sir:

The reply of LIFE magazine to my letter asking information about pictures which it published of your brother's motorcade in Dallas in its November 24, 1967 issue is enclosed.

Although the magazine states it published the pictures to give its readers different views, it chose to comment in the cutlines about a partially visible figure behind a wall, which it had studied made of it didn't comment about the figure nearer the car, apparently with a outstretched in a manner similar to that of a person using a handgun.

The publication, it would seem, would add to tendencies to be critical of J. Edgar Hoover and the FBI.

A stamped, self-addressed envelope is with the letter for its return to me, if you will.

Sincerely

*Rose LaChapelle*
