request consideration of an interview with subject JAMES EDMARD DOEKTHS in connection with this case since the possibility exists that this subject had been traveling with JAMES EDMARD DOEKINS on DOEKINS' return trip from Washington, D. C., in Decreber, 1966, and possibly BERG was transported by DOBKINS to South Bend, Indiana, where BERG stole a vehicle on 12/23/66.

All contacts at Indiana University, Bloomington, indiana, in this case were made through established sources only. Records of the University were made available by Miss BEULAH YOUNG, Office of Records and Admissions, Indiana University.

Information regarding WILLIAM RAY DOBKINS, brother of the subject, has evidently been disseminated previously to U. 3. Secret Service, but is summarized herein to complete the background of subject JAMES EDWARD DOBKINS. No description is being set forth in this LHM for JAMES EDWARD DOBKINS since insufficient data is available to the Indianapolis Division in this regard at this time.

FD-128 has been submitted with appropriate Serials to change Office of Origin in this captioned matter to San Francisco.
