Dear Sir,

I am in touch with
the general press and I
have some information
that will help you
the truth of what really
happened.

This information is
of importance to the
government.

I am aware of the
law that was passed in
65 and if you wish to
follow up on this I
expect to be compensated
for my efforts.

No way things are
going these days you
don't know who to trust
anymore.

but then you waited too
long already.
