Dear Dr. Slocum:

Pardon if I do have your title correct; however, I did not learn your title---are you a professor or one who operates the Publishing company? I am the lady who called you and to whom you so kindly gave an appointment for this morning at ten o'clock concerning discussing the Kennedy book which I have written. I called out there early Thursday morning to mention and leave word that I felt it was an imposition on you to even visit you with such a highly political interest in view of the fact that your principal University donations are from both those who favor the Kennedys and LBJ---and this is the administration of both that I am opposing and exposing. I left word for you that I would send you a letter regarding this matter so here it is.

I am inclosing a part of a publicity release which is prepared for a later date---just prior to my release of the book. I am, also, inclosing a copy of the telegram to L.B.J. in addition to a letter from the office of J. Edgar Hoover so as to establish proof of my having been incarcerated in a Mexican prison.

This resume hardly touches the high spots. I fear that if I am seen in your office prior to the time this book goes to the printers that later one of your office personnel will recognize me and identify me with you which might cause you embarrassment due to my political status. This might and could cost you your highly valued position at the University. However, it will please me to discuss this with you at your convenience but at my workshop---the location which I will make available to you at the conclusion of this letter. Also, I will need assistance in editing this book---are you a journalist. If so, then, perhaps, I might be able to engage your services on a contract basis.

Thank you for your courtesy.

Yours sincerely,

*Annie M. Patterson*

THE TRUTH OF KENNEDY'S ASSASSINATION  
WRITTEN FROM A MEXICAN PRISON

by  
ANNIE R. PATTERSON

*APR 1963*

I am a white American woman who was incarcerated in a Mexican prison from May 24th, 1963 to May 9th, 1964 for a crime which I did not commit. When it was learned that I had full knowledge of a plot to assassinate the late President of the United States, Mr. John F. Kennedy, I was framed and placed behind bars on charges of having falsified a credit card. At the time of my arrest, I was acting as an investment broker with private funds at my disposal, hence, my presence in Mexico.

The following excerpts from my book, "I LOVE YOU, U.S.A.," also to be serialized in a national magazine, will answer the following questions and many, many more: Who killed Martin Luther King? I will reveal the name of his killer and tell how a man with the initials J.C.R. was taught to shoot, how he thought he was to participate in a big robbery, how the real killer also laughed about shooting his way out of Dallas. I will offer the suggestion that Doctor King was killed because of certain correspondence from me to another person, relating the story of the assassination of the President, naming the involvement of a high political figure---and that this amounted to blackmail---then we had no control of the national riots and marches.

Who wanted Robert Kennedy killed? Read what I have to say
