Dear Mr. Hoqanson:

I have received your letter of December 7th and, with respect to your request, the FBI has no information available for distribution regarding your topics of interest.

At the request of President Johnson, the FBI conducted investigation regarding the assassination of President Kennedy and furnished the results of our inquiries to the President's Commission on the Assassination of President Kennedy. The Commission published its findings, together with information concerning Lee Harvey Oswald and Jack L. Ruby, and included FBI data in its report. Perhaps a copy of this will be available in your local library.

Sincerely yours,
Clarence M. Kelley
