Mr. Kelly
Federal Bureau of Investigation
Washington, D.C.

4/25/75

Dear Mr. Kelly

I have just received the latest
released films on the assassination of
J. F. Kennedy.

It is my opinion that the members
of the Warren Commission were deceived
or that they deliberately deceived the
people of the United States.

It is your job to clear up the
series of events commencing in 1962
the present time and to tell the world story
of the D.D.P.
