COMMISSION ON CIA ACTIVITIES  
WITHIN THE UNITED STATES

Reference is made to two letters dated April 2, 1975, and April 9, 1975, addressed to Mr. James A. Wilderotter from Mr. Robert B. Olsen, Senior Counsel of the Commission on CIA Activities Within the United States, requesting on-site investigations in Dallas, Texas, to determine the heights of two of the "derelicts" appearing in photographs taken on November 22, 1963, and requesting studies of the Zapruder, Hix and Muchmore motion picture films taken on the day of the assassination, to determine whether or not assassins or riflemen appear in designated portions of these films as alleged.

There is attached the report of the FBI Laboratory on the examination requested and several photographs and charts depicting the results of the examinations that were made for transmittal to the Commission if you deem it appropriate.
