Dear Sir:

In regards to certain information regarding the Mafia I think this will be important to you.

I met a former fighter by the name of Jay Maxim. He held the light-heavy weight title from 1950 - 1952.

67-109060-
He told me that the underworld intends to kill the former President, Mr. Nixon because quote, "He knows too much" about the underworld's control of the politicians in the U.S.

Also that former President Kennedy was assassinated by six assassins and that Lee H. Oswald was a set up. Also that Jack Ruby given cancer by injection. I will

be an attempt on President Ford's
life and that of Henry Kissinger. Also
Edward Kennedy will be killed if he
runs for president in 1976.

Maxim also told me that our former
Minister Trudeau will be killed.

This Joey Maxim lives in suite
155 Peppercorn Apartments, Jasper Ave
Edmonton, Alberta. His telephone number
is local 488-3914.

Maxim told me that Frank
Sinatra is the bossman in Holly-
wood for the mafia. Maxim has
killed several people for the "mob"
and that he has connections in
Chicago.

He was released from prison at
Prison Albert, Saskatchewan on Feb 25, 1975
after doing twelve years. His
house-keeper is called Tina and is
paid \$50 per week. Maxim is a
painter by trade and offered me a
job but I do not want one with
him kind. He hangs around Fulle's
Coffee Shop on Jasper Avenue.

I hope this information can help
you.

Yours truly,
Roger Kaye
