I do solemnly swear that I will put you into the Dallas City Jail of Texas; for: hoise bookin religionists, tough rats, and winners, - where they do have the ingredients; to find out things about the fellows who can fuck God - Himself.

If, you vote "prodestant" for the Democratic ticket and you are running the Censored News Incorporated, I wish to see you in there.

You may choose to drown the universe like the Funeral of Stalin in 1953 have had no mind to bury everybody. ○

A death of Lincoln in 1863 was really a satisfaction to all. You know that.

The murrder of John F. Kennedy in 1963 is Hell.

Jeno Farko

John F. Kennedy was shut out from the square mile of Eden in God's Country.

President Johnson a rancher himself have had been coaching the body-guards on that rainy day when arriving and knowing well that Dallas is not a telephone Co. or the Records Building and not even the old court house, but from that sweeping down hill there. The assassin God will thunder out from the east and the forgotten books of the Bible and the brightness of his presence will blind: the police; the F.B.I., the Secret Service, the storming up political controversy ~~for~~ in the Democratic Party from Fort Worth and will blind all preparations - in fact.

President Johnson knows that he can trust that God.

To the Investigating Committee
Re: Assassination

A Reminder

The following reminder of a T.V. news report may prove important in the investigation of Ruby.

It was before Oswald was shot.

It came over N.B.C. TV.

A reporter in Dallas was reporting the following:-

Ruby and a few men were overheard talking. Arrangement for Oswald was being discussed.

One man was quoted as saying "Ruby can take care of that."

Ruby was quoted as answering, "I sure can."

This suggests to the writer of this note that Ruby had already "taken care" of someone, and those men knew it.

Thanks for listening

Dear Jack Ruby;

I'm so glad you did! what a bad trick you got Lee with I wish the Judge you would be free without trial that S... got what he deserved after all he killed a cop, a Pres. who almost the Gov. had I'm in the position as you that day Pal I'd done the same you need to see the great State of Texas, the a lot of courts the time and money at the cost of the Tex. judges that I'd be all paid for you that you will be set free, I will see to it the Gov. grants that he will man I refused for his recovery in it all "faintly" anyone but the "Pinks" and it are you they in fact power, but that will be that he has you have a fine case, an Lawyer Mr. Bell is a smart man. I know, Now I hope the U. A. Wade, will consider the Gov. Pres. Polkman, with all do respect to him and that can let Mr. Bell have the sum of the court money. The money you got would have got on our beloved Vice Pres. Johnson because he was not man unless you had you had an amount 100% of the money on Pal. the name of hope to give you back 100% of what I'm remaining

Dear Jackson

You know how you put my old Grandpa in
the great, he told me something, it was some
months ago then, I thought I would tell
you that you like either way, money is not
everything in it. Well, you know Jack no matter
what you do or do not do, or even go to a bank
how you go how either damn way you go. You
know how you like that American, the way, or
the way, but it won't do you no damn good
I never did like a damn banking business
I figured when you put the damn out there
to want to the bank to be separated
and want people to stay on their own
damn bank. That's what is wrong with
the damn country now, you got 50 million
American and 10 million foreign who
don't own nothing in this country and more
coming in ever day by the damn year you
got a damn business that has controlled the
the damn bank for the past 100 years in
this damn country and that's what the hell
is wrong with it now in the damn bank

Wednesday

Dear Jack,

How are you and the dogs? My dogs are O.K. except Queenabell is walking around in a daze because I told her you had Dachshunds and now she wants to be all Dachshund instead of just part Dachshund. She is the funniest dog I have. When she pulls down her mouth she looks just like a Dachshund.

If you have any pictures, would you please send me a picture of you and the dogs? I drew a picture of you, and I hope you like it. I hope you like the dog seals I sent to you, too. I like to paint and draw a lot, and I like to read and swim and play badminton. What do you like to do?

My hobbies are collecting stamps and stickers of all kinds, like I sent you and I use on my envelopes. I'm going to the World's Fair. It opens either 2 days before or after my birthday.

After I'm going down to the stationary store to buy some more of those stickers. If you like them, please let me know so I can buy you some.

My cousin called last night, and she said if she had a lot of money she'd give a lot to you to help pay for your trial. I would too, but I owe my Father a dollar now so I have no spare money. If I ever get any, I'm going to send it to you to help pay for your trial. I sure hope that you win.

We both must like Dachshunds the best, because Sheba is your favorite and my favorite is Queen, because she is most like a Dachshund. Did you name Henry after your friend Henry Wade? If Sheba ever has puppies again, would you please name one Jenseen or Jens or something like that after me? I would like to have a Dachshund named after me. If I could judge by the names which of your dogs I would like the best, I think it would be either Runt or Clipper, especially Runt. If she is smaller than the others, she must be so funny on those little legs.

I hope you like the picture I drew of you. I can't

Dear Jack,

Hi well how are you these days in good spirits I hope. Well now I think that you can settle back and take it a little easier now that the jury has been chose. also I sure do think that you can feel more at ease since the trial is in Texas as the way I feel Texas is the best state to have this trial in an you can be thankful it all happened in Texas as all my friends and cousins that I have in Texas are REAL AMERICANS and just because you doped some commie well I sure do think that they will acquitt you as the people in Texas are Americans all the way more than in any other state in the union and you sure can be glad you are not in New York. Well now I hope that if you want to write me that they will let you as I realise that you were asure mixed up when you done what you done but if I was in the same position I think I would have tried to get ahold of that Commie and beat the Hell out of him and then turned over what was left of him to the Dallas Police Dept. Well since it is now 1 AM. guess I will close now and I do hope to hear from you soon and I am wondering if you did have a chance to answer my 2nd. letter if not I hope you have a chance to answer this one. Dear Mr. Kelly or Mr. Ball,

I saw the report given on television
today and was shocked. I thoroughly disagree
with the verdict. Of course I do not believe
that anyone should take the law into his
own hands, but I think Mr. Kelly did
what many Americans would have liked
to do. The Kelly Court was convicted
guilty by almost everyone, and certainly
there was enough evidence against him to
have warranted a guilty verdict. I do
not disagree. But Kelly did what he
thought the many of many people.

The police were very ignorant
enough to leave the door open for what
is a great place, so anyone could have
killed him. I don't think the Dallas police
were very capable of handling such a case.
I don't think that the FBI should have

but he is in the same position
I think that Mr. Ruby had a fair trial
& agree completely with Mr. Bell's
case defending Mr. Ruby. Jack Ruby
does not deserve to be punished by
the death penalty, as he did what he
thought was his patriotic duty. I cannot
see why a person should be punished
for a death which would have most
probably occurred by way of the electric
chair in any case. I think Mr. Ruby
should be entitled to a fair trial
