Documents furnished with receipt
under a search warrant (and only part)
of them are shown to have been an receipt)
They would not have been admissible
in evidence in any trial of Oswald since they
are neither parts of the crime, witness for
committing the crime, nor evidence of the
crime or intent to commit the crime.
The Bureau cannot have these
documents with the public domain when
The Commission did not do so. The public-
tion of Nixon's papers and criminal records
would appear to be a violation of the constitution
rights against unreasonable searches.

Police Department through search warrant
of the Ruth Davis residence. - Term 12/22/63
Page 375 through page 384 are personal
correspondence of Nixon, "obtained by the
Dallas Police Department through legal search
of the Davis residence and garage on November
22, 1963."
