Reference is made to letter to the Attorney General from G. Robert Blakey, Chief Counsel and Director, HSCA, dated September 7, 1978, requesting access to material in files of the FBI pertinent to the John F. Kennedy assassination investigation.

A review of FBI Headquarters (FBIHQ) files indicates that there is no retrievable information, aside from the following John F. Kennedy references, regarding Reeves Morgan and/or a sighting of Lee Harvey Oswald in Louisiana in 1963; 62-109060, 6093, 6357, 6716 and 6725.

Additionally, a review of FBIHQ files failed to reveal the existence of any photographs taken by the FBI of racial disturbances occasioned by a C.O.R.E. voter registration drive in Clinton, Louisiana, during the month of August, 1963.

TO : The Director

DATE: 8/25/78

FROM : Legal Counsel *JM*

SUBJECT: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
REQUEST FOR TESTIMONY
OF THE DIRECTOR 9/20/78.

PURPOSE:

The purpose of this memorandum is to advise of a request from captioned committee for the Director to testify as an institutional witness before the Committee regarding the assassination of President John F. Kennedy on September 20, 1978.

DETAILS:

On August 24, 1978, Mr. G. Robert Blakey, Chief Counsel captioned Committee, requested a luncheon meeting with Special Agent (SA) Danny O. Coulson, Legal Counsel Division following Mr. Blakey's meeting with the Director. Mr. Blakey advised that he at his meeting with the Director had requested that the Director consider appearing before the House Select Committee on Assassinations (HSCA) on September 20, 1978, as an institutional witness regarding the Federal Bureau of Investigation's investigation into the assassination of John F. Kennedy.

Mr. Blakey advised that the committee had considered receiving testimony regarding this investigation from former Bureau officials. He is concerned over the fact that this testimony would not reveal to the American public the FBI as it is today. He opined that it would be desirable to have the current Director of the FBI testify as to the commitment of manpower, scientific analysis, and the extensive investigative effort that was expended with regard to that investigation. He considers it desirable to have the Director testify as to the way the FBI is organized today, and the manner in which an investigation today might differ from the manner in which the

investigation was done in 1963. As an example, there has been some criticism over the fact that this investigation was never conducted with the assistance of a Federal Grand Jury to look into the possibility of a murder conspiracy. It should be noted that at the time of the assassination of President Kennedy there was no Federal Statute dealing with Presidential Assassinations.

Mr. Blakey advised that if the Director consents to testify as an institutional witness, he would have a small group of approximately three people including himself who would work closely with representatives of the FBI in preparing the questions that would be asked of the Director. He further advised that the investigation conducted by the Committee has substantiated for the most part the conclusions reached by the FBI in its investigation and in its scientific analysis. Expert witness will be called to report findings made by current scientific analysis.

SA Coulson raised the question as to whether this would appear to be a hearing orchestrated for the benefit of the FBI and give rise to criticism and allegations of collusion by assassination critics. Mr. Blakey responded that the questions that would be posed to the Director would be hard questions, and in any responsible Congressional Inquiry it is the practice of Committees generally to advise the witnesses of the areas of interest in order to present the facts to the public and to the Congress.

Blakey stated that he was fearful that without testimony from the Director the hearings and ultimate reports of his Committee would be similar to the hearings and reports of the Church Committee. (Select Committee to Study Government Operation With Respect to Intelligence Activities.)

Those hearings and reports produced small, mosaic allegations of inadequacies in the FBI's investigation and did not present an overall view of the effort and accuracy of the FBI's investigation into the assassination of President John F. Kennedy. Mr. Blakey reiterated his commitment to devote knowledgeable individuals to work with Bureau representatives on the preparation of questions that would be posed

The Director

to the Director. He pointed out that there is currently pending in Congress legislation, that if passed would hinder the FBI in conducting similar investigations in the future. He would like for the FBI to have the opportunity to testify regarding the effects of this legislation.

Mr. Blakey was advised that there is a tremendous volume of material in the FBI's files with regard to this investigation, and to familiarize and brief the Director on the broad spectrum of this investigation would be a difficult endeavor requiring great expenditures of manpower and resources. Blakey stated that the Committee members would be furnished the questions to be asked to the Director and that they would not move to other areas. They would not expect the Director to be familiar with all aspects of the case.

RECOMMENDATIONS:

(1) Legal Counsel Division recommends that the

Director accept this invitation to testify as an institutional witness for the HSCA regarding assassination of John F. Kennedy on 9/20/78.
