SUBJECT: HOUSE SELECT COMMITTEE ON ASSASSINATIONS;
U. S. HOUSE OF REPRESENTATIVES (HSCA)

PURPOSE: To advise of the location and disposition of files and the material used or prepared by the Congressional Inquiry Unit (CIU), Records Management Division, for captioned Committee.

DETAILS: All original Bureau files formerly stored in CIU, Room 8988, have been transferred to the FOI/PA Branch by separate memorandum. Henceforth, the notation on these files, "Return to Room 8988," should be disregarded. It is noted that no charge-out reflects the current location of Part II, Pages 276-549 of Serial 62-109060-3083, a 5/15/64 Dallas report; however, a copy of same was prepared and is available.

Duplicated Bureau and field office files processed in response to HSCA requests are contained in 60 cabinets, which, together with a bookcase containing volumes of the Warren Commission Report and Hearings, will be maintained in Room 4938. In order to access this material, keys to the cabinets may be obtained from the Service Unit.

One cabinet containing sensitive FCI material, tape recordings of the HSCA public hearings, and copies of the HSCA's unpublished final report will be maintained in the Special File Room.

RECOMMENDATION: That this memorandum serves as authority for the transfer of one cabinet to the Special File Room.

SUBJECT: HOUSE SELECT COMMITTEE ON ASSASSINATIONS
U. S. HOUSE OF REPRESENTATIVES (HSCA)

62-117890

PURPOSE:

To advise interested Bureau officials of a review and to set forth a clarification of information attributed to the FBI in a portion of captioned Committee's Final Report draft.

SYNOPSIS:

Captioned Committee's Final Report draft discusses in Section V the possible associations between Jack Ruby and certain individuals involved in organized crime. One of these is Russell Douglas Matthews. The Committee cites an FBI airtel in 1973 which requested authority to seek court order under Title III to wiretap Matthews for his involvement in an illegal gambling business (IGB). Nevada
rdo

The report states it is not clear (from the FBI record) whether the wiretap led to an arrest and/or conviction of Matthews although he was arrested on gambling charges in 1975 and 1976. A review of the Bureau file in the IGB case clearly shows Matthews was intercepted, indicted, pled guilty in Las Vegas under Rule 20, and immediately paid a fine.

Memorandum McWeeney to Moore
Re: House Select Committee on Assassinations
U. S. House of Representatives (HSCA)

DETAILS:

A review was made of "Section V - Possible Associations Between Jack Ruby and Organized Crime," of this Committee's Final Report draft. Under Part F of this Section V, Jack Ruby's associates are discussed. One of these found in paragraph vii is Russell Douglas Matthews (pages 527 and 528). On page 528, it states:

"In 1973, an FBI airtel from Dallas reported that an application had been made for an order authorizing a wiretap of Matthews, along with several others. This application stated that there was probable cause to believe Matthews was involved in illegal gambling business. Again, it was not clear whether the wiretap led to an arrest or conviction, although Matthews was arrested in 1975 and 1976 on gambling charges."

A review of the FBIHQ file in this matter (165-1066) is clear regarding legal proceedings against Matthews in this case.

On 12/12/73, Dallas FBI sent an airtel to FBIHQ enclosing a proposed Affidavit in Support of Application for continued interception of wire communications to and from certain telephone numbers in Dallas, Texas, involving violation of Federal gambling statutes and conspiracy regarding same.

The affidavit set forth probable cause to believe that John Eli Stone, Isadore Max Miller, Richard Carl Beggs, Anthony Paul Diadone, James "Puny" Winningham, Jack Dayton Ritter, Russell Douglas Matthews, Jimmy "Greek" Vouras, and others as yet unknown were committing the above offenses (Bufile 165-1066).

Memorandum McWeeney to Moore
Re: House Select Committee on Assassinations
U. S. House of Representatives (HSCA)

The initial court order in this case was signed on 11/20/73 and electronic surveillance subsequently indicated John Eli Stone was receiving sports line information from Las Vegas as well as from Russell Douglas Matthews and others in addition to accepting sports wagers.

Title III surveillance was terminated on 12/4/73. The extension for this coverage which was submitted on 12/12/73 was not granted.

Subsequently, in March, 1974, the Federal Grand Jury was presented evidence in this case. On 11/5/74, true bill indictments were returned against Stone and five other subjects in this case charging violations of Federal gambling statutes. Stone and these other subjects were found guilty on 6/30/75 after stipulating to much of the evidence. On 7/18/75, U. S. D. J. Sarah T. Hughes sentenced Stone and his associates to sentences ranging from thirteen months to five years and/or fines up to \$10,000.

Then on 11/18/75, Russell Douglas Matthews and one associate were indicted in this case for Federal gambling violations. Matthews was arrested in Las Vegas on 11/20/75.

On 4/23/76, Matthews pled guilty to one count of Interstate Transportation of Wagering Information (T18, S1084, USC), under Rule 20 at Las Vegas and was fined \$5,000, which he immediately paid.

In sum, Matthews was intercepted along with others on the referenced wiretap, which ran from 11/20/73 to 12/4/73. He was indicted 11/18/75, charged with Federal gambling law violations, and arrested in Las Vegas, 11/20/75. Then on 4/23/76, he pled guilty under Rule 20 at Las Vegas and was fined \$5,000, which was immediately paid.

SUBJECT: HOUSE SELECT COMMITTEE
ON ASSASSINATIONS -
FINAL REPORT

PURPOSE: To advise of results of meeting between the Assistant Attorney General, Criminal Division, and Deputy Assistant Attorney General, Civil Rights Division, Department of Justice, and representatives of the Criminal Investigative Division, relating to the final report of the House Select Committee on Assassinations (HSCA) in which HSCA recommended that the Department of Justice initiate further investigation. FBI recommended at this meeting that any further analysis of scientific data gathered by HSCA be handled independent of the FBI since HSCA findings included alleged FBI deficiencies in investigating the possibility of a conspiracy in the assassination of John F. Kennedy.

Memorandum to Mr. Mullen from J. C. Lawn
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS

DETAILS: The final report of the House Select Committee on Assassinations (HSCA) set out the following recommendations for further investigation:

A. The Department of Justice should contract for the examination of a film taken by Charles L. Bronson to determine its significance, if any, to the assassination of President Kennedy.

B. The National Institute of Law Enforcement and Criminal Justice of the Department of Justice and the National Science Foundation should make a study of the theory and application of the principles of acoustics to forensic questions, using the materials available in the assassination of President John F. Kennedy as a case study.

C. The Department of Justice should review the committee's findings and report in the assassinations of President John F. Kennedy and Dr. Martin Luther King, Jr., and after completion of the recommended investigation enumerated in sections A and B, analyze whether further official investigation is warranted in either case. The Department of Justice should report its analysis to the Judiciary Committee.

On 9/6/79, at the request of Robert L. Keuch, Assistant Attorney General, Criminal Division, a meeting was held relating to the final recommendations set out by the HSCA. This meeting was attended by Mr. Keuch; James P. Turner, Deputy Assistant Attorney General, Civil Rights Division; Departmental Attorney Roger B. Cabbage, Criminal Division, Department of Justice and Section Chiefs W. D. Gow and John C. Lawn, Criminal Investigative Division.

Memorandum to Mr. Mullen from J. C. Lawn
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS

O.S.

Mr. Keuch stated that further analysis of certain scientific data should be conducted as recommended in the HSCA final report.

Specifically, Mr. Keuch questioned whether the FBI Laboratory could subject the Bronson film to computer analysis and whether the photograph taken by Mary Moorman could be analyzed for further study.

(The Charles L. Bronson film depicted the Texas School Book Depository several minutes before the assassination of John F. Kennedy, including the 6th floor window from which the fatal shot was fired.

The Mary Moorman photograph, a Polaroid, depicted the grassy knoll area and was taken at the time the fatal shot was fired. This photograph was deemed by HSCA photographic experts as being of limited usefulness because of its poor quality and deterioration over the years.)

Mr. Keuch was advised that such photographic analysis involving computer analysis and enhancement could not be conducted within the FBI Laboratory, but would have to be handled by outside contract.

Mr. Keuch indicated that he planned to request in writing that the Technical Services Division review the scientific acoustical evidence which HSCA believed would support their findings of "... a high probability that 2 gunmen fired at President John F. Kennedy." Mr. Keuch stated that after reviewing this material, he desired the FBI furnish recommendations as to whether there exists sufficient data to warrant further scientific testing as recommended by HSCA.

Memorandum to Mr. Mullen from J. C. Lawn
RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS

Mr. Keuch concurred that should additional scientific analysis be desired by the Department of Justice, that such analysis should be handled independent of the FBI since the HSCA had concluded, in part, that "... the Federal Bureau of Investigation failed to investigate adequately the possibility of a conspiracy to assassinate the President."
