FEDERAL BUREAU OF INVESTIGATION
CENTRAL INTELLIGENCE AGENCY

WASHINGTON 25, D.C.

26 MAR 1964

MEMORANDUM FOR: Mr. J. Edgar Hoover
Director, Federal Bureau
of Investigation
United States Department of Justice

SUBJECT: SAMMY (b)(3) per CIA

REFERENCE: CSC [redacted] dtd 19 Mar 64
Bureau file No. (S) 65-68530

1. Transmitted herewith is a copy of a report on the SAMMY case prepared by the Chief, Soviet Russia Division for the information of the Deputy Director for Plans. It is an "in house" document containing an interim assessment of SAMMY's bona fides and may not be disseminated to other departments without permission of this Agency. The report is loaned to your Bureau per paragraph 5 of referent memorandum.

2. After reviewing the origins of the SAMMY case, the report discusses SAMMY's motivation, his production to date, his behavior, and certain other cases which appear to relate in some way to the SAMMY case. The report concludes that SAMMY is a KGB plant, discusses possible KGB aims in such an operation, and recommends action to resolve the case.

3. In previous correspondence, this Agency has noted the need for an early evaluation by your Bureau of the information reported by SAMMY on American citizens. This evaluation not only will affect the manner in which portions of this information pertaining to other agencies and departments would be disseminated but also will form an important part of the final determination of SAMMY's bona fides. Similarly, in making available to your Bureau a copy of the SR Division interim report on SAMMY's bona fides, we are interested in having as soon as possible your views on other aspects of the case described in the report, particularly those which refer to operational activities of your Bureau.

4. In considering how best your Bureau and this Agency can proceed in further examination of this case, it is probable that normal procedures for exchange of information will not suffice. SAMMY is a unique case for which no parallel exists insofar as we are aware and its proper resolution suggests the need for the closest cooperation.

Specifically, it is requested that after your Bureau has examined this report, representatives of your Bureau and this Agency meet to review all aspects of the SAMMY case.
