Dear Mr. Oswald:

September 19, 1962

Your letter of August 25th to Birmingham, Ala. Please take notice
and do us the favor. Since I received your letter of September 1st
indicating that you are moving to Baltimore, I suggest that when you
do move that you get in touch with us here and we will find some way
of getting in touch with you in that city.

While the point you make about your residence in the South
States may be understood by some people, I think you have to recognize
that as an American citizen who is now in this country, you have a
right to participate in such organizations as you want, but at the
same time there are a number of organizations, including possibly
the P.W., which are of a very broad character, and when it is ob-
vious for some people to reside in the background, and understand
I consider this is pretty much of an academic question now, and we
can discuss it later.

Sincerely,

Dear Mr. Oswald:

We have your clipping requesting application for
membership in the Socialist Workers Party.

We are sorry for the delay in answering your letter.

Our constitution requires that there must be a
statement of five members before a branch of the Socialist
Workers Party can be formed and it is not our practice
to take in individual members where we do not yet exist.
Unfortunately we don't have any branches at all in Texas.

We very much appreciate, however, your request for
membership in the party and wish to mention on a basis of
close sympathetic relation with you until such time as a
branch of the SWP can exist in Dallas. Pending the neces-
sary basis for such a local structure, we suggest that you
concentrate on seeking subscribers to the Militant and pro-
moting the sale of socialist literature obtainable through
"Planned Publishers." Through contacts you may be able to
develop on this basis let us hope it will be possible before
too long to welcome a Dallas, Texas branch into the party.

In line with the above I am taking the liberty of send-
ing a number of subscription blanks to the Militant so that
you can have full advantage of our introductory offer of a
month for only \$1. We have had great success editorially
with our subscription campaign. Also, you yourself should
be sure to subscribe to both the Militant and International
Socialist Review as you will find them excellent sources of
socialist literature and information.

Please keep in touch with us.

With best wishes,

Sincerely,

Dear Mr. Hoover:

Your letter and reproductions were turned over to me by the NYNY office.

I am familiar with reproductions and without printing processes. It is clear from the work that you are skilled at mime-type, reproducible and reproducible work generally. Do you do any other phases of the process as well as photography? What other types of work?

We have wanted to do a small office shop here in New York. Generally, when we need an copy work done we have taken it there directly. However, there might very well be someone who could utilize your skill for some printing project. It would, of course, naturally have to be a project in which we would have flexibility as to time. It is not easy to do anything in which there is pressure to get a job out immediately through someone else. However, for a longer term project it might be possible to ask your aid.

Could you write to the directly of the above address? I would like to know what you think you have. How large a paper print you can make, how large a reproduction, and any other technical information that you can give us that would help us judge how your aid will be used. If you have any questions please call me at 100 University Place or I will be glad to respond promptly.

With best wishes for a year of progress

Dear Friends

Thank you for your recent reply. Enclosed are your card and receipt, along with our thanks and welcome.

Your interest in helping to form an FPCC chapter in New Orleans is greatly appreciated. I will try to give you some basic information now so that you may have a better picture of what this entails.

For one thing, I am enclosing a copy of our Constitution and By-Laws for all chapters and student chapters. You will note that there is considerable autonomy for an organization our size. We try and let all chapters operate according to the local requirements. Usually, there is minimal requirements which must be met.

(All chapters can receive literature in bulk at a discount rate and receive at the retail price and use the proceeds for further chapter activities) Books is ordered and shipped to each chapter with the order. We do expect payment within a reasonable period so that we may continue our end of the operation.

It would be hard to envision of a chapter with as few members as even to exist in the New Orleans area. I have just gone through our files and find that Louisiana seems somewhat restricted for Fair Play activities. However, with what is there perhaps you could build a larger group if a few people would undertake the responsibility of concrete organizational work.

My contacts are not at all diverse to a very small chapter but certainly could meet that there could be at least before the month would be possible a high committee based for the chapter. Should this be possible we could possibly have a meeting by

Dear Mr. Oswald

Your letter to the WOMEN has been referred to me for reply.

It is good to have this movement in support of fair play for Cuba has developed in New Orleans as well as in other cities. We do not have any organizational ties with the Committee, and yet there is much material that we learn from there to think that it is important for anybody who is concerned about developments in Cuba.

Your support is ever so we sending you some literature.

Dear Lee:

This morning I was speaking with one of our professors who heard the talk you gave to us. He thought that you made a number of good points. One of these was your criticism of speculation in the capitalistic system. He quoted stock speculation with gambling. It seems to be another form of it. Another point was your criticism of exploitation which occurs in capitalism. On both these points, speculation and exploitation, the Pope has spoken strongly against them in the past 70 years.

On the other hand, the professor to whom I am referring thought that you hadn't made sufficient application. Applying the criticism of speculation and exploitation in our country, it seems that these things are regulated. In the instances where certain individuals do overstep their bounds, it seems that such occurrences are practically inevitable in a free society. If we are going to have freedom rather than strict regimentation, then the government will naturally find it very difficult to curb all abuses. The difficulty with communism is that it suppresses freedom, as you indicated, in order to obtain efficiency.

You mentioned that there are good and bad points in each system and that possibly the best system would be a fusion of the good points of both capitalism and communism, something approaching socialism. It seems that socialism might work in a small society but again, when we apply this to our own country, it appears that we are very complex and that it would be very difficult for the government sufficiently to control such a complex society as ours along the lines of socialism. Also here again, socialism means the sacrifice of freedom in practice if it is going to work. Freedom seems to be a fundamental human value precious to every man. I think that freedom can be retained and yet we can still have a just economic, political and social system. Of course this requires that each man live up to the obligations and responsibilities of respecting the freedom of other men and exercising his own freedom in a just way. Perhaps it is more difficult to achieve a just social order by relying on individuals to show initiative and responsibility in respecting rights and living up to duties, but it seems that a society based on respect for justice and individual worth is much more lasting and solidly founded and more in accord with man's nature.

The Pope beginning with Leo XIII in 1891 and continuing up to the present day have given considerable thought and energy in trying to think through to a solution of economic and social and political abuses. You might get some ideas from the enclosed articles as to how the Pope has been trying to work out the problem as well as some stimulation to your own thinking on the matter.

That's about it for now. Give my regards to Maria.

Sincerely,
John
