

ME 44-1987

I did not hear any more from him until around March 1968 when I received a letter from him postmarked Hollywood, California. I don't remember the address and have since destroyed the letter and envelope. The letter was short and did not contain much of interest. He was inquiring as to when I was taking my holidays and said if I write, to do it soon because he would not be at that address after a couple of weeks. I received the letter some three weeks before the assassination of Martin Luther King.

When I heard that Eric Galt had been arrested and was implicated in the murder of Dr. King, I panicked and destroyed the letter.

About one month ago, I received a phone call from one William Bradford Huie who said that he was writing a book about James Earl Ray and when he mentioned the names Grey Rock and Eric Galt, I knew that he must have gotten my name and address from Ray. I agreed to see him and we met for lunch at the Holiday Inn. At that time he showed me his credentials, his picture in Time Magazine with Ray's lawyer and some of his books. He was very charming and appeared to know all about my association with Ray, including the fact that I had been intimate with him. He appeared to be mainly interested in what I thought of Ray and I told him that as far as I was concerned, he was a normal man. He said that I would be the Mystery woman in his book and assured me that my name would not be mentioned. He had a photographer with him and I agreed to let him take smoky pictures which they assured me would show only shadows. He gave me \$100.00 for the information and invited me to go to New York at his expense, any time I felt like it, and to call him collect if I could remember anything else.

I have no other information to offer and the above is all I can remember about my association with James Early Ray alias Eric Galt."

The above information was obtained during several hours of questioning and our investigator is satisfied that it contains all that this informant knows about Ray.
