To Quin Shea from Harold Weisberg, add to appeal re Dallas FO records, 7/24/78  
FBX FOIA 62,960, Dallas File 100-10461

Attached is Mr. McGrath's letter of 7/21/78.

In it he states that reference in the worksheets to "previously processed" means "is already in your possession."

In fact this is not accurate, as I have already noted in my appeal. What is withheld from the FBIHQ/ remains withheld and is not in my possession.

A spot check of the worksheets discloses the same withholdings I have already appealed with the JFK assassination files. I appeal these withholdings with regard to this file, on Lee Harvey Oswald.

As I am able to review these records I will provide you with illustrations of withholdings by obliteration that are reflected on the worksheets.
