DATE: 11/22/63

FROM : SA MILTON L. NEWSOM

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY

home phone [redacted] Dallas, Texas,  
[redacted] employed Dillon Steel Company Inc.,  
located between Continental and W. Commerce, telephone RI 7-6555,  
telephonically furnished the following information at 5:30 PM  
11/22/63:

At 7:55 AM [redacted] observed a white male, between 20 and 30 years of age, around 5 ft. 9 in., medium build, wearing what appeared to be work clothing, probably khaki pants, cross the street in front of [redacted] car at the Egan Printing Company on Ross Avenue. This individual was carrying a rifle case, light colored, with a zipper going all the way around the case. By the way the person was carrying the case he is sure there was a rifle in it. It appeared to have a hump in the case where a scope would usually be on a rifle. He said he looked at the case closely as the man crossed in front of his car as he is fond of guns and was intrigued by the case as he thought it an unusual looking one. There is a small cafe right across the street from Egan Printing Co. and the man was coming from the direction of the cafe. The man appeared to be carrying a "lunch sack", a paper bag in one hand, and the rifle in the other hand.

[redacted] stated the Egan Printing Co. is located about 1/2 block from the intersection of Ross and Lamar.

[redacted] could furnish no further description of the man but may be able to identify him if he sees him again. He said he was more interested in the gun case and did not look at the man too closely.

[redacted] advised he will cooperate in any way regarding this matter.
