Mr. Buckley re my PA request

2/20/81

Two of the records you provide refer to me. They were not provided in response to my 1976 PA request or appeals and were not provided in response to Mr. Shea's reminder of several years ago.

These two records also require that the underlying records exist. They also are still withheld.

I remind you again that Criminal Division has records pertinent to my PA request, some going back quite a few years.
