Dallas police Saturday collected and mounted physical evidence against Lee Harvey Oswald in their investigation of the assassination of President Kennedy.

Police Chief Jesse Curry and Donado Cash, Wolf Fritz said he is charging eight men a

Chicago mail order house last March 20 is in Oswald's handwriting.

Regarding the mail order for the rifle, Curry said:

"THE FBI HAS NOT INFORMED us they have the order letter for the rifle. The handwriting on the letter is the same as Oswald's."

"The address on the order letter was a post office box in Dallas of Oswald's. The letter ordering the rifle was under the name of A. Hodel and sent on March 20 of this year. The price was \$12.78," the chief said.

Curry said the photos show Oswald with both the rifle used to kill President Kennedy and the pistol used to kill Tippit on Oak Cliff street.

"The case is closed," said a confident police Oswald, however, Curry continued to maintain his innocence.

CURRY TOLD reporters that the latest evidence "just about winds things up at the city police level."

Under Texas law, however, a

person who killed Tippit shortly after President Kennedy was slain.

Curry, who said "we find a good case this morning and it is even stronger tonight," said he is confident the rifle removed from the Texas School Book Depository Building's sixth floor is the assassination weapon.

They said they had been given a preliminary report that the rifle was fired from a window of the Texas School Book Depository Building at Elm and Houston about the time shots were fired from a window on that floor.
