

Attorney for Mrs. Oswald Has ^{20A-2119} Witness

NEW YORK (UPI)—Mark Lane, attorney for the mother of accused Presidential assassin Lee Harvey Oswald, claimed Tuesday night he has a "mystery witness" who heard four to six shots fired at President John F. Kennedy from a different direction than the Texas book depository building.

Lane also said he has information that a meeting involving several principals in the case was held in Jack Ruby's night club in Dallas two weeks before Mr. Kennedy was slain last Nov. 22.

Lane and Mrs. Marguerite Oswald held a news conference before they spoke at a meeting sponsored by the National Guardian Progressive News Weekly.

Lane said among those at the night club meeting were Bernard Weissman, author of
