

OSWALD DOCUMENT

Lee Harvey Oswald's vaccination certificate, required for a U.S. passport for Oswald, is dated June 8, 1963. It shows stamp of Dr. A. J. Hideel, though no Dr. Hideel is listed in the New Orleans, La., telephone book. Oswald had used the name of A. J. Hidell in purchasing the rifle later used in the assassination of President Kennedy. Signature looks like Oswald's. (Part 2 in copyrighted series on Oswald's diary, other papers, on Page 25.)

THE VALIDITY OF THIS CERTIFICATE shall extend for a period of 3 years, beginning 8 days after the date of a successful primary vaccination or, in the event of a revaccination, on the date of that revaccination.

The approved stamp mentioned above must be in a form prescribed by the health administration of the country in which the vaccination is performed. In the United States, the stamp is that of the local or State health department or the one in which the vaccinating physician practices. The circular stamp of the local or designated international airport or center, the seal of the Public Health Service, or the seal of a State health department may also be used.

Any amendment of this certificate, or any other information, should be reported to the health authorities of the country in which the vaccination was performed.
