for legislation to meet the snooping problem, but that it might be necessary to regulate the manufacture and sale of eavesdropping devices.

Subcommittee aides said manufacturers had told them of \$15 million in sales of eavesdropping equipment to various Gov-ernment agencies. They declined to say how much of this, if any, had been sold to the F.B.I.

Senator Long said electronic aid snooping "is bound to be" in use by racketeers for extortion, blackmail and other criminal activity. He said regulation of the devices would be difficult because they are so easy and inexpensive to make.

He questioned the effectiveness of the Federal Government's organized drive on crime nd indicated that he thought ne zealousness of some anti-cketeering efforts had led to enials of constitutional rights of suspects.

"How do you become a sus-lect of the O.C.D. (organized crime drive)? How do you get tagged with a number and then those fellows start after you to prove you're a criminal?" he FND
