Was It A Dickey?

I have a concern for the strange things happening in recent months.

...of the ...

Miss Dorothy ...

...

...

...

...

...

... out in memory of Miss ...

This tower ... editor is ... unknown. We believe the ... after the blackout.

Engineers in this country have designed computers which can direct the angle of descent for a satellite traveling at 17,000 miles per hour. Yet our engineers, after two weeks, cannot tell us where a copper wire failed.

What is happening in our land?

How many ... with the ... people? How many ... Consideration before a demand for ...
