

Garrison/Gregory ???

Dear Editor: 2-1-68

In response to Bob Smith of Santa Paula and his suggested Peace and Freedom Party platform.

I should like to add, we need a man in the White House who is already fighting the basic corruption in America.

To all of you who are REALLY AWARE, who would you choose to unseat Lyndon Johnson?

My personal and positive choice for President is JIM GARRISON.

As added insurance for this country's future, I'd like to see Dick Gregory for Vice-President, Mort Sahl as Senator and Mark Lane as Attorney General.
