Jury Impaneled for Shaw Conspiracy Trial

A jury finally was impaneled for the Clay Shaw conspiracy trial in New Orleans when a maintenance mechanic for Kaiser Aluminum Co. was selected as its 12th member. Two alternates still have to be chosen, however, when the trial enters its third week Monday. More than 900 prospective jurors were interviewed to obtain the panel to try Shaw, a New Orleans civic leader accused by Dist. Atty. Jim Garrison of conspiring to kill President John F. Kennedy.
