**"You called,
Madame?"**

**"Yes, Lunge. At last
we have Black Russians
in the attic!"**

"Pour me one. Don't try mixing it, Lunge, you never could remember the proportions, and it is my favorite cocktail. That's why I bought a case of Kahlúa's bottled Black Russians.

"Only Kahlúa makes the authentic full-strength Black Russian, Lunge. This devilishly delightful coffee liqueur is pre-mixed with vodka to create the perfectly proportioned cocktail.

"Oh, one more thing. Make sure we have enough Kahlúa Kups. We're having the neighbors over for dinner, and you know how they love to eat the dishes."

These authentic Pre-Columbian figures are from the famed Kahlúa collection of authentic Pre-Columbian figures.

Apologia:

EVER WONDER how a senator makes it, financially, on the side? Sen. Joseph S. Clark (D., Pa.) revealed all recently. He filed a financial statement showing that he earned \$112,000 last year above his \$30,000 Senate salary—as follows: \$83,681.77 from an oil royalty lease on family property, \$19,939.93 from investments, \$2,200 in lecture fees, an \$1,800 advance on a book, \$189.15 in royalties on another book, and \$50 for a book review in Ramparts magazine. Senator Dodd, take note.

Adolfo Gilly, the Latin America revolutionary writer, has been imprisoned in Mexico City. Gilly reported for Ram-

parts the murder of Father Camilo Torres, Columbia's guerrilla priest (April 1966). He was held incommunicado, beaten, threatened with death and forced to sign a statement that he attended a meeting of the Trotskyist Party currently in disfavor with Mexican authorities. Gilly's arrest and imminent political trial show Mexican "democracy" as a Potemkin village. Since the successful student strike at the University of Mexico, the government has become increasingly repressive; if its imprisonment of Gilly goes unprotested, it is certain to signal a new wave of persecutions. Readers who wish to protest this treatment of a political writer may contact the Mexican Embassy in Washington, and Juez Primero de Distrito en Materia Penal,

Eduardo Ferrer McGregor, Bucareli 24, Mexico, D.F. Mexico.

Like garlic bread, L'Affaire MSU-CIA (April 1966) keeps recurring. In June, 1,000 disillusioned Michigan State students staged an exemplary riot that was quelled after three hours by 247 policemen. And last month, the MSU daily sent two virginal lady reporters to Ramparts' offices on San Francisco's topless strip, to see if there really was a Ramparts. The girls arrived around lunch and couldn't find much anybody around, but were told by a cracker at the front desk to come back "around 2, when the orgies begin." Orgies? "Oh, yes, about every day," the ace journalists were told, a fact they dutifully reported in the news columns of the student paper. W.H.

The Varying Hare

[*Kennedyctyl vascillayti*]

The Varying Hare can backtrack with such speed and agility that to the untrained eye it appears that there are two hares running in opposite directions. In this respect he reminds one of the Jack Rabbit, to whom he bears a strong resemblance. Mother Nature, in her finite wisdom, has endowed the Varying Hare with the ability to change color with differing climatic conditions. Hence his name. Recent hops to the plains of Africa and the jungles of

Harlem, for example, have turned him a militant pink, and he thumps loudly for civil rights. Naturalists, however, recall that when burrowed in the Cabinet, he saw to it that empty perches in Southern courthouses were filled with White Nuthatches. Once fond of nibbling in Farmer McCarthy's cabbage patch, the Varying Hare has long since deserted for more fashionable crops. His breeding habits are nothing short of phenomenal. ES
