Harold,

herewith 2 widely published items in Australia last 10-12 days. The local paper, "The Fraser Coast Chronicle" is taking 3 stories from me to print next week, "Sunday Star" article from Auckland, and my/our critique of Posner's book with a background story on my interest, and how you have helped me through the correspondence we now have. The Chronicle are going to send you six copies of the articles direct from Maryborough.

In great haste, love and best wishes to you both,
