Dear Mr. McGuirk:

Harold Weisberg asked me to write to you. Harold is a good friend. My expertise is in the John Sherman Cooper archives at the University of Kentucky. I have enclosed my most interesting discovery, a letter where Senator Cooper refutes the single bullet theory. This was known since 1966 but this is the only written evidence where he makes his feelings clear.

Harold particularly asked me to explain the Hoax computer disk. This is done in MacIntosh Word Perfect 2.0. My Dell computer system (an IBM clone) will not print out this format. In fact, utilizing an IBM clone will erase the disk. In order to obtain a printout you will need a MacIntosh system. Dr. Gerry Ginocchio of 591 Lucerne Drive, Spartanburg, SC 29302 has been able to printout using a MacIntosh system. Please contact Gerry, if you need more information.

It is a pleasure to make your acquaintance. Harold speaks very highly of you.

Sincerely,

William L. Neichter
