Re: Change syllabus on King material

I need to get some documents of the physical evidence in the case.

Session on the reading on King from Garrow's book should include some exercise w/ chronology and to make it clear the two Kings. The King of the Civil Rights Movement and the political King. Work it off the X-roads piece I did.

We should have more film material on King by this time.

Also stop using the Jim Lesar TV lecture. I can summarize this in class.
