Chapter 12

@ Oswald's phony hardship discharge from Marines

@ Strange that the ONI did not question when he returned to the US.

No debriefing by the Navy.

@The ONI file that Rankin received on Oswald was almost all derivative.

@ As late as 2011 the Navy has refused to turn over any of its records on Oswald.

@ Oswald's 5 months in New Orleans in 1963. . . .building a false cover.
