

Notes w/ Hal's work on James A. Chaney

The official story couched in the docs. was that Chaney was never interviewed. . . as was the case—at least nothing documented—Hal cites Dallas files 89-43. . . doc. 9614 and doc. 9570 (in reverse order). He makes point about. Hal argues that Chaney was interviewed by Charles T. Brown. The doc. in question is 9614 but Brown's name is obliterated. The lie is on p. 2 of the doc. which states that Chaney was never interviewed. . Hal contends that on 12/28/'63 Chaney was interviewed SA Raymond M. Lester. . . report simply recorded question by Lester if Chaney had seen Ruby on 11/23.....

It is Hal's contention that Chaney saw JFK hit in the face by a bullet. .

Point: I thought the FBI did not interview a single bike jockey except Baker who confronted Oswald on 2nd floor of the TSBD . .
