

DAY CHAPTER/ WORK UP

*largely forgotten - or overlooked*  
*ht. Day: The FBI's Man in Dallas*

I NEED A SNAPPY TITLE FOR MY DAY CHAPTER/EVIDENCE MANIPULATION

This chapter is almost ready to stand as written . . . But I will need to add more on the manipulation of the evidence. Most obvious is to draw in Day's (Dallas police) manufacturing of the evidence on the rifle from the dead Oswald. . .

\*\*\* Note I believe that this Day Chpt. stands as it is. . .None of this appears in "Breach."

1. Hoover to Dallas, SAC 10/6/'64. 62-109060-NR (Section 91 EBF) What is reflected here is Hoover's animus toward Truly for his criticism (implied or not) re: FBI's failure to protect the alleged crime scene (6<sup>th</sup> floor). I have this in the Day Chpt.

1A . Notes from DiEugenio on the lifting of LHO's palm print from the dead Oswald.. on 11/24 at Miller's funeral home. . .He makes 2 points (Drain picked up K1 on 11/22 at 3:30 P.M. . . . and K1 returned to Dallas on 11/24 (I had it at 11/23) I think it had to be 11/24 after news of Oswald's death. . .DiEnotes on p. 15 of piece on Buggsie (Part 6) that Wade made no comment on LHO's palm print to press until 11/24 ...but he does on Sunday night (after the lift). . .

Note more from DiE where Day in WCR in Vol. 4, p. 273 says he took photo of palm print at 9:00-9:30 P.M. But does evidence note that Drain picked up K1 at 3:40P.M. (Check out). See also Drain remarks that Day getting pressure had to take extreme steps like lifting off the corpse. . .(not exactly what Drain said. . . but the intent was there). . . P. 109 from Book.

2. Washing out the limo at Parkland Hosp. . .destroying more potential evidence. . .
3. Photos of the alleged crime scene. . .
4. No noticeable value
5. Contaminating the crime scene/ also Kurtz notes see 6. For more on compromising the crime scene. . .
6. More on reconstructing the crime scene. . . after it was rearranged. . .It was reconstructed on 11/25 according to Day. . .

7. Key FBI Report 105-82555-505 (Section 21). . . .Notes that Day s the one who discovered the bag the alleged K1 was brought into the TSBD. . . Day was the guy who discovered it. . . How convenient. . .Report made by Vince Drain on 11/29/'63 \*\*\*\*\* Another coup by Day . . .
