DALLAS (UPI) -- Police yesterday turned over to the FBI all their evidence against presidential assassin Lee Harvey Oswald and gave the FBI access to evidence against his self-appointed executioner.

Federal Agents are continuing their investigation on direct orders of President Johnson.

Dallas police are convinced that Oswald was the assassin. He went to his grave maintaining his innocence.

Jack Ruby was indicted yesterday for Oswald's slaying.

Dist. Atty. Henry Wade asked police to give the FBI the evidence. The mail-order .357 mm Carcano rifle used to shoot Kennedy already had been sent to the FBI labora-

The bullets taken from Kennedy's body matched the rifle, Wade said the FBI told him.

The known evidence:

--FBI photographs of letters to Oswald on Communist Party of America stationery, written from New York, telling him how to set up a "Fair Play for Cuba Committee" and how to "keep nosy neighbors away," according to Asst. Dist. Atty. Bill Alexander.

--Oswald's palm print on the butt of the murder rifle.

--Oswald's palm print on a box in the room from which the assassin shot Kennedy.

--Paraffin tests revealing Oswald had recently fired a gun.

--Witnesses placing Oswald in the building from which Kennedy was shot before the shooting and immediately afterward.

--Oswald's employment in the building.

Witnesses who saw him shoot policeman J. D. Tippit less than an hour after the assassination.

--Photos showing Oswald with the rifle believed to have killed Kennedy and the pistol that killed Tippit.

--Oswald's wife's admission that he owned such a rifle. It was missing. Oswald admitted he owned the pistol.

--Oswald was an expert marksman.

--The rifle, ordered from Klein's Sporting Goods Store. The name on the order blank was "A. Hydell" but the handwriting was Oswalds.

--When tracked down in a movie after Tippit's death, Oswald tried to shoot another policeman but his gun jammed.

--A neighbor drove Oswald to work on the day of the assassination and Oswald was carrying an oblong package he said contained window shades. Police said it was the rifle.

--Oswald wrote a threatening letter to Gov. John Connally, wounded with Kennedy, saying he would "employ any means" to get even for a wrong he believed done to him as a Marine. Connally was Kennedy's first Secretary of the Navy.

Chief Jesse Curry held a lengthy conference with his aides before turning the evidence over to the FBI.

Capt. Glen King, Curry's assistant, said the district attorney asked the police department to give the evidence to the FBI.

"Now that Oswald is dead, all the evidence surrounding his case has been turned over to the FBI," King said. "And we are turning over the evidence against Ruby for processing."

"We will turnover any additional evidence that we get to the FBI. This was done at the request of District Attorney Henry Wade."

In Austin, the state capitol, Atty. Gen. Waggoner Carr was making plans for a state fact-finding court of inquiry into the assassination and Oswald's slaying. Carr announced in Washington he would make the investigation to "make public all of the facts."

The U. S. Senate Judiciary Committee was considering a parallel investigation.
