1. Director to SAC, Dallas 10/6/64 62-109060-Section 91 EBF  
Basic: FBI (Hoover) Truly because he was not bend-over-backward cooperative with Hoover determined he was not to be sent a letter of appreciation . . . There were instances when he refused to comply with FBI wishes. . . (or demands) . . . Hoover could not have been happy w/ Truly refusing to back off his criticism of the failure of the Dallas Police to secure the TSBD (I suppose this is my own interpretation until I learn differently).
2. Cite on cameraman Cecil Stoughton who say SS man washing out the back seat of the limo . . . w/ pail and water. . .
3. Photos & text from book JFK First Day Evidence (I need to get a full cite) which makes clear that the box with Oswald's palm print were not removed from the TSBD until Monday (11/25). . . after Oswald was dead/ no trial/ An Oswald palm print lifted from the box by Lt. Day\*\*\*\*Note: Over the weekend the 6<sup>th</sup> floor was open to newsmen and others off the street presumably. . . . The so-called sniper's nest boxes were all arranged and rearranged by newsmen before Day returned on Monday to take them the the Dallas PD crime lab ..
4. 4. Gemberling (Robert P.) 5/28/'64 105-82555-3899 (Sect. 162). See p. 2 where he notes that an WFAA-TV newsman Thomas P. Alyea was taking pixs on the 6<sup>th</sup> floor while law officers were searching the 6<sup>th</sup> floor. . . (My argument was that there were others there as well. . . and these in and out all weekend.
5. Notes I made earlier that need to be reviewed. I have related material in old Chpt 5 that needs reviewing. . . esp. on Truly and why FBI was upset with him.
6. Good evidence that crime scene was completely violated . . . see term "reconstructed" . . . Also be sure to check back of document for citations from Kurtz's book that will be most useful. . .

1/29/'64 BUT applies to 11/22 Shanklin to File 100-10461-2949 \*\*\*\* He notes that the evidence (calls it "material") was "so hastily sent to the Laboratory (BULAB) that we did not get a chance to review prior to its being forwarded. . . . the point here is the evidence was whisked away from the get-go but Dallas was the office of the crime and should have had access to the evidence for the purposes of overturning leads in the case. But since there was no real investigation this was muted. DFO was working from pictures of the evidence but many of the pictures were "not too good." EE File # 3\*\*\*\*\*
