Dear Jerry,

We are making now the last corrections to the paperback edition of "Breach of Trust" and came across one query. In the preface, you want me to move note 8 after "Hoover declined Fortas's request."? If this is correct, please let me know where in the text of note 8 do you want me to add "Rosen to DeLoach 11/22/'66, 62-109060-4267."? Also, is this cite complete? In other citations like this, you mention also the time and "FBI HQers JFK Assassination File,". Please advise.

Your prompt reply is greatly appreciated.

Many thanks,

Larisa

Larisa, Query: I have just gone over your copy of the Preface to "Breach of Trust." Mirabile Dictu . . . The only alteration I came up with is the following: Page xi at the end of note 8 in the text add to this note 8 the following four words --Hoover declined Fortas' request. Citation for this "decline" to insert would be to cite Rosen to DeLoach 11/22/'66, 62-109060-4267.

Just a matter here of addition. My query: Will this suffice for your needs or would you be more comfortable being correct here and having me send this on as you requested on the applicable page in the Preface. Your call. By the way I have to compliment you and others who might have been involved on a excellent job of

editing. I hope we can work together again. Let me know at your leisure.

Best

Hi Jerry,

I am sending you today the page proofs of the front matter (that include the new preface) together with the notes section that includes the preface's notes. Please read them carefully, mark any corrections that you might have, and return to me only those pages that have corrections. I would like to have the marked proofs back by the end of June. Please let me know if this due date works for you.

Many thanks,

Larisa
