@ I may be wrong on this but my memory has it that Insp. Sawyer was a 23 year veteran of the Dallas PD. And yet, he is approached by a man in the street minutes after the shooting who relates that he saw a man in the 6<sup>th</sup> floor window (SE corner of TSBD) w/ rifle, etc. . .What struck me about this was veteran police office Sawyer (allegedly) did not presence of mind to get his name!

You noted that Sawyer radioed in interview w/ "unknown white man" at 12:44. What might be of interest to you if you have not dug it up was that while JFK was pronounced dead just minutes after 1:00 P.M. CST the Dallas PD hand Oswald in hand at 1:40 P.M. and were citing him as the assassin of JFK and Tippit and the gunman who wounded Connally. (Some remarkable police work for a force that moved Oswald at about 11:30 P.M. on Sunday or such after being warned in the wee hours of 11/23 that there would be an attempt on his life. (If you want the cite for the 1:40 indictment of Oswald let me know (if you do not already have it.)

If it helps I would say go ahead with your case that Brennan was a washout as a witness. My own follow up from what I had in "Breach" does not have the documentation you have laid out here. The only thing that comes to mind is that Brennan, aside from Belin (who I suspected may have been "handholding w/ CIA) and Joe Ball were the only WC staffers who carried the Brennan banner up to the very end.
