**House Select Committee on Assassinations
U. S. House of Representatives (HSCA)**

SA Walter was the recipient of a personal letter of commendation, dated October 3, 1963, from the Director, FBI, for his superior work in the handling of a very sensitive, complicated, fast moving, and highly publicized espionage case. Previously (on November 7, 1954), he had received a meritorius salary increase for his outstanding work on another espionage case, successful interrogation being the key aspect of that investigation.

SA Ghesling, at the time of the pertinent Nosenko interviews, served as a Supervisor at FBI Headquarters and had considerable experience in espionage, intelligence and counterintelligence investigations. SA Ghesling supervised the field investigation of Oswald (from the latter's return to the United States on June 13, 1962 until September, 1962, and from November 22, 1963 through mid-1964). He was assigned exclusively to supervisory responsibilities relative to the assassination of President Kennedy.

While the specific knowledge of Oswald's background, possessed by these SAs at the time of the Nosenko interviews, can be answered only by the SAs themselves, SA Ghesling's prior assignment to supervision of the Oswald investigation would tend to indicate that he, at least, was quite knowledgeable of data contained in FBI files concerning Oswald.

"4. On the dates that Nosenko was questioned about Oswald, does there now exist or did there ever exist:

- a. a tape of the questions asked and Nosenko's answers;
- b. a transcript of the questions asked and Nosenko's answers;
- c. a summary of the questions asked and Nosenko's answers?"

As noted in FBI memorandum dated June 19, 1978, captioned as above, and which was prepared in response to HSCA letter, dated June 13, 1978, to the Attorney General, FBI records searches have not located any extant tape recordings
