

OUTLINE: MAN IN DOORWAY

Verb's Chapter—

Introduction to this chapter: Exoneration of Oswald. . . Is it here that I lay out case for Oswald not on the 6th floor. Do I do this at the start of the chapter?

Draw in the Altgens film. See pp. 2-3 Note Altgens was a native of Dallas and worked for the Dallas Bureau of the Associated Press. (I make this point re: Hoover comment that FBI could not locate him). . . Sure they couldn't because they did not want to have to question him. P. Immediately after shooting perhaps the most important still film of the assassination he sent his film to the 3 world press. . . His pix was on the AP Wirephoto Network at 12:57p.m. on 11/22/'63 (p. 3)

Point here: FBI avoidance of Altgens . . . (check on FCBI document for this where Hoover fanes confusion about locating the photographer. Call the Associated Press. . . never occurred to America's number one crime fighter and Defender of the Republic.

P.3-4 He notes that Altgens not questioned by Commission until July 22, 1964 before he was questioned by a disinterested Liebler. . . 8 months after Dallas. [Altgens testimony WC Vol. 7 pp. 515-527. . . (He cites Hal on Altgens in WW I and in PostMortem. . . (need to check).

WC Report makes case that man in doorway is not Oswald but Lovelady (WCR, p. 644). Notes that HSCA reported that man in doorway was not Oswald but Lovelady Final Report, 58. P. of MS. He notes that Lovelady was never questioned by any Commission members. His testimony by deposition . . . (p.6) As far as the WC was concerned the Lovelady/Oswald controversy was a closed case. Lovelady was the man in the doorway. (He had to be because if it was Oswald the official mythology of the Kennedy assassination was impossible).

P. 6 Verb makes good point: No indication that while Oswald was under arrest the Dallas police never questioned him about the Altgens film. No indication that Oswald was ever shown the picture. But the day after the assassination, the FBI

OUTLINE/MANIN DOORWAY, P. 2

did show the pix to Lovelady at his home. The size of the Altgen's pix he was shown by FBI agents was a blown-up version (30"x 40") Source 22H794. . . .

P. 7 Verb notes that when FBI showed up at Lovelady's home on 11/23 they took photo of LL wearing a short sleeve shirt. . . .Not the shirt he was wearing on 11/22. He notes John Martin shot of Lovelady on 11/22. . . this is a plaid red and black shirt. (note do I have this pix? I think Hal had a pic of this). . . I need to check thru my files. *C Check L. Martin in Hal's files ED 709*

P. 8 He notes - Groden film of Oswald and Lovelady on 11/22 copy of shot of Oswald and Lovelady on 11/22 at DPD Homicide Office. . . .See Groden, "Killing of a President. . . . for a copy of the pix. . . p. 92.

P. 9 He notes WC Report p. 644 where Report states that it is Lovelady and not Oswald in the pix. . . according to 3 witnesses. . . but this was only 3 out of a possible 13 or 14 people standing on the Depository steps. . . the 644 may be in error . . . so check hardbound copy of Report for 644.

Focus on three key witnesses p. 9-10 as to Lovelady's location on steps. . .

_____ working on location of Lovelady when shots were fired-----

P.10 ff Frazier WC testimony (2H210-245) On p. 2H234 there is an exchange and the implication (hard to miss) is that Lovelady was on the right hand side of the stairs in front of the TSBD . 2H P. 242 Frazier's testimony [pin points Lovelady as being on the right hand side of the steps (p. 11). (P. 12) Frazier statements to FBI agents Robertson and Trettis on March 18, 1964 . . . where he says he was w/ Shelley and Lovelady when the president was shot. . . make case for Lovelady being on the right hand side of the steps.

(p> 13) ***On March 18, 1964 Shelley he told FBI agents E.J. Robertson and Alfred Neeley that he was standing "just outside the glass doors of the entrance" when JFK was shot. . . and Lovelady . . . was seated (emphasis added) on the entrance steps just in front of me." “standing” comment Shelley states” that “the Presidential motorcade passed” and “I was standing on the far right.” (p. 13) Neither Shelly nor Frazier offered any testimony that Lovelady was on the left hand side of the steps of the TSBD.

Verb mentions Hal’s treatment of Lovelady in WW II p. 185-194.

P. 14 Lovelady in April 7, 1964, was questioned by WC staffers Stern and Joe Ball, . . .source 6H336-341. On p. 338 of his testimony Oswald reveals that he went to join his fellow workers on the steps and said “. . . I said ‘well I’ll go out there and talk with them, sit down and eat my lunch,’ so I went out there.” (6H338). . .

Lovelady?
Check on this

Throughout this exchange with WC assistant counsels Lovelady insists he was sitting down eating his lunch “when the President’s motorcade went by.” (p. 15) Frazier in his WC testimony (2H242) had stated “Lovelady was a couple of steps down from me toward the wall, also.” (right side of the steps and not the face in the doorway on the left hand side of the TSBD. . .

pp. 15-16 Notes that Frazier says in his WC testimony that Lovelady was “a couple of steps down from me over toward the wall, also.” Cites 2H242. P. 16 Lovelady reinforces the argument that he was standing on the top step to the far right of the entrance way see FBI Report Commission Exhibit 1381, 22H662.

✓ P. 17 Verb notes that Lovelady never said in any of his testimony that he moved from his position from the extreme right to the extreme left while the President was coming under fire. . . Lovelady did not make this claim and neither did any of the spectators on the steps make this claim.

Note: Be mindful that Shelly, Frazier, and Lovelady all agreed that the Man in the Doorway was Lovelady. . . There were four other individuals who also testified that it was Lovelady in the doorway. . . (p. 19-20) None of these four stood or were on the steps of the TSBD at the time of the shooting. . .

NO!

P. 20 He lists the 3 men standing next to the man in the doorway. Joe Molina, Otis N. Williams, and Carl Edward Jones. Molina statement 6H368-373; Williams statement 22H683; and Jones statement 22H657. . . Weisberg mentions Jones

Outline, p. 4

(w/o naming him) in WW II in Chpt. "The Lovelady Caper." All 3 were sitting closest to Oswald if Oswald was the man in the doorway. Or to Lovelady if he was the Man in the Doorway. . . . Question is: Were Williams, Molina, and /or Jones asked if they knew who was the man in the doorway? The answer must be no. If I use I must check out their FBI responses.

P. 9-10 Verb shifts to SS Kelley questioning of Oswald on WCR p. 629ff I might want to review for certain . . .P. 23 Verb makes key point: He cites the 12 hrs Oswald was under questioning over the 22-24 . . .Check WCR Appendix XI deals with these . . .all 12 interrogations are typed manuscripts. . .One has to believe these reports were constructed from notes. . .(and not pure memory/absurd). . .Question: what ever happened to the rough notes? Besides the 12 individuals listed interrogating Oswald there were an additional 7 others (2 SS agents(Grant & Sorrels) four detectives from Fritz's homicide office; and a US Marshall (Nash) . But out of a total of 19 only 2 individuals have offered their notes—Capt. Fritz and FBI Agent Hosty.

P. 24 Verb deals with names of those who Oswald may have directed to the phones on the first floor of the TSBD. . . just minutes after the shooting. Verb throws in name of Robert MacNeil and cites source.

Notes

He notes Robert MacNeal along with Ford and AllmanPP24/25/and 26. I need to go back and reread and decide on what I want from Verb's sources. . . It all strengthens witness testimony that Oswald was on first floor at time of the shooting. . . He cites some writing by me that will be in my unpublished chapter in Man in Doorway Folders. . .

Verb notes on p. 30 that FBI went to great trouble to show that the shirt Oswald was arrested in was the same shirt e wore to work that same day. (P. 30) Cite FBI work on this in WC Hearings 7 Exhibits vol. 15H695. This is the shirt in the archives today.
