File in Profiling tests

Examination requested: Determine if nitrates are present on Exhibits #1, 2 and 3.

Requested by: Dallas Police Department.

Result of Examination:

No nitrates were found on Exhibit #1.

Nitrate patterns consistent with the subject having discharged a firearm were present on Exhibits #2 and 3. The pattern on Exhibit #3 is typical of the patterns produced in firing a revolver.

Analyst: Louie L. Anderson

[Handwritten Signature]

Methods: (1) Diphenylbenzidine test.
