(Investigating Officer must sign)

Date November 23 1963

I was standing in front of the Sheriff's Office at 505 Main Street, Dallas, when President Kennedy and the motorcade passed by. Within a few seconds after he had passed me and the motorcade had turned the corner I heard a shot and I immediately started running towards the front of the motorcade and within seconds heard a second and a third shot. I started running across Houston Street and down across the lawn to the triple underpass and up the terrace to the railroad yards. I searched, along with many other officers, this area, when Sheriff Bill Decker came up and told me and Officers Sam Webster and Billy Joe Victory to surround the Texas School Book Depository building. As we approached the two big steel wire gates to the loading dock at the back of the building on Elm Street side, we saw that the loading dock had locks on it and I then pulled the steel gates closed and requested of a citizen standing there to see that no-one came out or went in until I could get a uniformed officer there, which he did. Officers Webster, Victory and myself took to the building. Officers Webster and Victory took the stairs and I told them I would take the freight elevator. At the time I got on the elevator two women who work in the building got on the elevator, saying they wanted to go to their office. As the elevator started up, we went up one floor and the power to the elevator was cut off. I got out on the floor with these women and looked around in their office and I then took to the stairs and went to the 6th floor, and Officers Webster and Victory went on up to the 7th floor. I was the only person on the 6th floor when I was searching it and was reasonably sure there was no one else on this floor as I searched it and then criss-crossed it, seeing only stacks of cartons of books. I was at that time also checking for open windows and fire escapes. I found where someone had been using a skill saw in laying some flooring in one corner of this floor and I then went to the 7th floor and was assisting in searching it out and crawled into the attic opening and decided it was too dark and came down to order flash lights. I then went on back to the 6th floor and went direct to the far corner and then discovered a cubby hole which had been constructed out of cartons which protected it from sight and found where someone had been in an area of perhaps 2 feet surrounded by
