1. 3-page note by Hal to Jim Lesar w/ useful summaries

2. There is an article by William Turner in Sage Magazine in which former agent Turner accuses the FBI of bungling in the JFK assassination. There is an FBI analysis of the Turner article appended. (I did not copy.)

2. Packet of docs. identified as Lee Harvey Oswald Vol. XII
8/15/'66 thru 12/28/'66

a. DeLoach to Tolson 11/25/'66 re: FBI spikes a book that would be critical of Warren. Warren confides that Wesley Liebner was a "beatnik" type; that he turned over his notes on prospective book to Epstein, etc. Hoover must have loved this. It was approaching a love feast between DeLoach and Warren.

b. Wick to DeLoach 11/23/'66 re: doc. on setting up Sid Epstein of "The Evening Star" (11/25/'66) for the Hoover letter. And the appended material.

c. Rosen to DeLoach 11/15/'66 re; Rosen explains why the FBI report on shooting differed from the autopsy report on the back wound. Autopsy reported that it was a through-and-through and exited the throat. The FBI report noted that bullet penetrated body only a few inches and must have fallen out. (Hoover would argue under heart massage, etc.) The argument here is that Bethesda docs. did not know about the tracheotomy, etc. on the night of the autopsy and therefore the FBI agents reported what was originally false. (I did not copy)

d. Rosen to DeLoach 11/15/'66 re: doc. and appended docs. deal with the Sid Epstein fraud. Appended docs. layout what would be in the Hoover letter.

e. A copy of the Hoover 10/20/'66 letter

f. DeLoach 10/19/'66 re: copy of proposed letter under Wick's signature (Crime Records Division) .

DeLoach writes a criticism of the proposed letter; feels it will only draw more attention to the FBI.

Hoover note: "I don't consider the proposed statement succinct nor understandable to the layman. Consequently it is best to say nothing if we can't do an adequate job."

g. DeLoach to Tolson 10/10/'66 re: DeLoach summary of conversation with Justice Abe Fortas. Fortas wanted Hoover to accede to LBJ's request that bureau have book written by Hoover to confound the critics of the WC Report. At close they agreed that a

a public statement would be the proper course. This spurs on the Epstein-Evening Star charade.

h. Brennan to Sullivan 10/3/'66 re: Reports that Allen Dulles' health being impaired by criticism of the WC Report. Dulles wants other WC members to respond, etc.

i. DeLoach to Tolson 9/26/'66 re: DeLoach proposes a blind memorandum approach (without FBI attribution of course) to undermine Mark Lane's book Rush.) Based on FBI's analysis of the Lane book. This idea will develop into the Epstein ruse.

But also see DeLoach and the 94 file.

Re: Inventory of FBI Ticklers Disclosed to Mark Allen 12/13/'84
Location: Hal's Basement
Designation: Mark Allen's Hosty Material

1. Pages from Steno Notebook re: copies 6 /7 pages on notebook items w/ FBI serials. Most of this from 62-109090 file. I need to check these out from Hal's records to make sure I have them in my summary collection.

Also note to check on 62-109090--1490 (or 490) Hoover says to wrap up investigation on Nov. 26, "we have have the basic facts now." This is in the "Secret" Allen Tickler. This should be carefully reviewed all over again.

2. Hosty to SAC, Dallas (100-10461) 12/6/'63 Hosty explains his interest in Oswald. he notes on. first page that Oswald beat his wife on "numerous occasions" and neighbors complained. (I think I have this doc. in another file.)

3. Several docs. on Hosty's administrative punishment by Bureau. One of these is Hoover's letter of censure. nother notes that Hoover orders him "transfer to non-preference office. Kansas City." In the Davidson to Callahan memo 9/25/'64 it is noted at bottom of p. 2 that Hoover praised Hosty for this testimony before the WC. He covered the bureau's ass on that (as well as his own.) But he still got suspended after the WC Report came out and chastised the FBI.

4. Docs. on Hosty's appeal to FBI Director Clarence M. Kelley
11/14/'73 and Kelley's reply

5. Hunsinger to Walsh 11/14/'73 re: Gives useful info. on those other FBI agents disciplined as a result of the Gale Report.
