EX SESS

Inventory of FBI Ticklers Released to Mark Allen 5/21/'85 This
titled as referals--US Army

Location: basement

Page One

1. Hal's cover note indicates that this is partial file on a US
service man defector to USSR in 1960 by name of PFC Bruce Frederick
Davis. He draws certain similarities w/ Oswald's own defection and
treatment by Soviets.

What this is is the US Army record on Davis.
