Attached are the two reports we have prepared concerning the assassination of the President and the subsequent killing of the assassin, Lee Harvey Oswald, by Jack Ruby.

ASSASSINATION REPORT

This report, in Part I, briefly relates the assassination of the President and the identification of Oswald as his slayer. Part II sets forth the evidence conclusively showing that Oswald did assassinate the President. Part III is in two sections, the first setting forth what the FBI knew about Oswald prior to the assassination; and the second section setting forth the results of our investigation of Oswald's background, activities, associates, et cetera, subsequent to the assassination.

Three sets of exhibits accompany this report. The first sets out evidence tying Oswald in with the assassination of the President; the other two set out documents relative to Oswald's contacts with the Soviets, the Communist Party, et cetera.

We are continuing to receive leads concerning Oswald, and consequently at the end of the report we state that investigation will continue until every piece of relevant evidence has been developed and examined.

The Dallas Office has read and approved the first two parts of the Assassination report. The third part of the Assassination report was sent to Dallas for reading after completion during the early morning hours of December 5, 1963.

Rights Statutes to determine whether there was any conspiracy involved in the killing.

Attached to this report are two exhibits, one a photograph of the actual killing, and the other a diagram of the police department building basement where the killing occurred.

Due to the fact that no records were kept of the police officers or news media representatives in the basement at the time of the killing, we have not been able to identify, locate and interview all persons who were present when Ruby killed Oswald. We state in the report that persons identified to us have been or are being interviewed. We have interviewed 88 Dallas police officers, and are attempting to identify any others who were in the basement and interview them. An estimated 150 news media representatives were in the basement. We have been able to identify and interview 36 so far, and leads are set out throughout the country to identify and locate others who may have been present. We have no reason at this time to believe that the stories of these people, when we locate them, will be at variance with the facts developed so far, but we do want to locate them so that all possible questions can be resolved.

We say at the end of this report that the investigation will continue until every possible source of pertinent information has been exhausted.

The Dallas Office has read and approved this report on the Killing of Lee Harvey Oswald.
